Dear Mr. Enright:

We have received and reviewed the corrective actions for your November 6 – 8, 2001 DSCC-VQE audit of your El Segundo wafer fabrication sites located at 330 Kansas Street and 1521 Grand Avenue, El Segundo, CA. The audit was conducted by Mr. Richard Marbais of this Center, Messrs. Mel Cohen and Emanuel Bucur of The Aerospace Corporation, and Messrs. Jack Matheney and Benny Damron representing NASA, to determine compliance with the Certification requirements of MIL-PRF-19500M. Compliance with these requirements has been successfully demonstrated. Therefore, your El Segundo wafer fabrication facilities identified above will continue to be considered certified facilities as listed per your most recent MIL-PRF-19500 Manufacturer Certification letters VQE-02-0870 (JANS) and VQE-02-0871.

If you have any questions, please contact Mr. Zade Karadsheh at 614-692-0611.

Sincerely,
