Dear Mr. Enright:

We have received and reviewed the corrective actions for your January 14 – 16, 2003 DSCC-VQE audit of your HEXFET America wafer fabrication sites located at 41915 Business Park Drive, Temecula, CA. The audit was conducted by Mr. Zade Karadsheh and Mr. Ryan Michael of this Center, to determine compliance with the Certification requirements of MIL-PRF-19500M. Compliance with these requirements has been successfully demonstrated. Therefore, your HEXFET America wafer fabrication facilities identified above will continue to be considered certified facilities as listed per your most recent MIL-PRF-19500 Manufacturer Certification letters VQE-02-0870 (JANS) and VQE-02-0871.

If you have any questions please call Mr. Karadsheh at 614-692-0611.

Sincerely,

JOHN F. RAYE
