

# Non rad hard (other than Gen 3) MOSFET nomenclature

IR F C 4905 N CDK

**Type of transistor**

- F = MOSFET
- L = Logic level MOSFET

**Package type**

- C = No package (chip only)

**Randomly assigned chip number**

4 digit maximum

**Screening level**

- CDV = 100% visual inspection only
- CDH = MIL-PRF-19500 level H (TXV) IR controlled drawing
- CDK = MIL-PRF-19500 level K (space) IR controlled drawing

Indicates Gen 5 or higher
