Non rad hard (other than Gen 3) MOSFET nomenclature

Type of transistor
F = MOSFET
L = Logic level MOSFET

Package type
C = No package (chip only)

Randomly assigned chip number
4 digit maximum

Screening level
CDV = 100% visual inspection only
CDH = MIL-PRF-19500 level H (TX) IR controlled drawing
CDK = MIL-PRF-19500 level K (space) IR controlled drawing

Indicates Gen 5 or higher
